Dear Neighbors,

With the hotter months, many residents escape north. If you go away, please notify neighbors and the office how to reach you in case of an emergency.

Speaking of emergencies, June 1 is the official beginning of the hurricane season. Please look for the notices elsewhere in this newsletter on what to do if a hurricane approaches.

Memorial Day

On Memorial Day, SOC will celebrate (weather permitting) with a short ceremony by the flag pole outside the clubhouse at 11:00 am, followed afterwards by a golf cart parade around the community. Decorate your golf cart if you wish or just ride along. Later in the afternoon (4:30 pm) there will be a potluck supper in the clubhouse. Bring your favorite dish to share, a serving utensil and BBOC (beverage of choice). SOC will provide paper products and plastic utensils. MASKS MUST BE WORN WHEN GOING THROUGH THE SERVING LINE AND WHEN NOT EATING.

Fathers' Day Brunch

Men, come celebrate with us. On Sunday, June 20 at the clubhouse 9-10:30 am, there will be a brunch, featuring scrambled eggs, sausage patties, biscuits and gravy, French toast, juice, coffee or tea. All resident men are free, women $5.00 and guests $7.00.

Sundaes on Sunday

There will be an Ice Cream Social given by the Saddle Oak Stitchers. The event will be on Sunday, June 27 at 2:00 pm. The price of tickets will be $5.00 each. See Toots or other Stitchers for tickets.

We will also have a small quilt drawing. Ticket cost will be $1.00 each or 6 for $5.00. Hope to see you there and to enjoy a "Kool" Day. Thanks, Toots Lobe

On behalf of the BOD, the grillmaster, his boss and all their crew, thanks for attending the Drive By Cookout on May 16. Good food and lots of fun!!!

Suggestions or complaints

It is very important that you be heard on any issues that you have. I will ask that if you have either a suggestion or complaint that you write it down and give to any of our staff. So many times people will stop us while in the community and ask for certain things, and its fine to talk to us about those things, however we do need to have any request in writing so that we can follow up properly and this will give us the records we need for the future. You can get communication forms in the office or you can simply write your request on a sheet of paper. Make sure you clearly state your request and sign your name. Thanking you in advance for your help with this.

Connie Lewis. clewis3@suncommunities.com

Robo Calls

It is so important to keep the lines of communication open and at Saddle Oak Club, we do a pretty good job of notifying you of important information by e-mail, face book and now we have robo calls. To help us update our records, we need to make sure we have the proper information, so please complete the form and return to the office no later than June 18, 2021. NOTE: You can do both e-mail and robo calls, however we are limited to have only one person per household for either of the selections.

Submitted by Ellie Jackson

Before the November election, FMO was active in endorsing candidates for the Senate and House in Florida. The majority they endorsed was elected. These new Legislators were grateful and sent letters of support to FMO. FMO actively provides a two-way street of communication with Legislators. This opens the door to education and outreach for YOU.

Jesse James is the chairman of the FMO Political Advocacy Committee. This committee reviews ALL bills and writes letters of support to the Legislative Sponsors of the bills they determine has merit for their constituency, which is US. This committee does the legal research we need. Legal research we would rather not do.

Getting this legal representation for $25 per year is inexpensive and well worth it. All residents are encouraged to join for the political strength we get through the FMO protecting our rights under FL Statute 723. You can join online at www.fmo.org. If you join for 3 years at $65 you save $10. Thank you to present members and new members.

Latest FMO info: Mobile Home Tie-Down

With pressure from FMO the tie-down program reached a compromise. For now it will be extended through June 30, 2022. FMO will continue to fight for this. If anyone wants detailed info on tie-downs, I was sent a 2 pg handout. They only sent me 3. I would like to keep one on file. If people would like a copy they would need to be photocopied.

HYDRATION

Celebrate National Hydration Day on June 23! Drink More Water!

By Andrea Primas

We've heard for decades that we should drink 8 glasses of water a day for good health. That hasn't changed much. Drinking water is essential. It helps regulate body temperature, transports nutrients, helps remove waste, and it helps us to feel and perform our best. We lose water daily when we breathe, sweat and go to the bathroom and that water needs to be replenished. We get water intake from water and other liquids and from foods.

The US National Academics of Sciences, Engineering & Medicine determines men need approximately 15.5 cups (3.7 liters) and 11.5 cups (2.7 liters) for women depending on medical conditions and situations. This includes fluids from water and other beverages..

There are a lot of benefits to drinking more water. It helps alleviate headaches, improves digestion, boosts your mood, better focus, increases immunity, lowers your odds of having a stroke, regulates body temp, clearer skin, helps kidney stones, boosts productivity, exercise muscles, and we may heal faster.

As the country increasingly gets vaccinated, and the excitement of getting outdoors again along with the summer temperatures, seniors are at risk of subtle dehydration, especially in hot weather, which could lead to lightheadedness and falls because seniors often have a reduced sense of feeling thirsty. As we age, we need to pay extra attention to our body's hydration needs and warning signs.

What Are Some of the Signs You Need Water?: Feeling thirsty, constipation, excessive sweating, fever, vomiting or diarrhea, frequent or excessive urination, dark-colored urine, dizziness, dry mouth, dry skin, fatigue, headache, irritability.

Some Tips To Boost Your Water Intake

1. Stay hydrated by drinking more water
2. Replace the water you lose. Keep water handy
3. Adopt small measurable changes to your drinking habits
4. Keep water in your car.
5. Take a bottle of water with you (at all times) everywhere
6. Choose water whenever possible
7. Focus on liquids
8. Skip sugary drinks
9. Drink water when out to eat as beverage of choice
10. Add lemon or lime juice to your water for flavor
11. Use a refillable water bottle – using a 24 ounce bottle contains 3 cups water
12. Drink water when you are thirsty and with your meals
13. Set a daily water intake goal.
14. Use an app or fitness tracker

1. Try flavored water
2. Use a straw

Saddle Oak Club

Hurricane Preparedness

With the news that a hurricane is on its way, it brings up the importance of being prepared. Saddle Oak Club would like you to know that the

Saddle Oak Clubhouse is *not* a designated Hurricane Shelter.

To find a **shelter** you may check the **Marion County Emergency Management Website**, listen to local radio or watch local TV channel 2 WESH. Please continue to check this website as the storm gets closer to find shelters that will be opened in our area as safe havens.

It's always a good idea to have a radio with fresh batteries to listen to updates. For radio updates on the storm you can listen to the ***NOAA Weather radio***, this can be found on the following frequencies:

162.525 MHz out of Ocala or the same code for Marion County is 012083

**You can also access the NOAA radio on an app you can download on your Apple or Android phone or tablet.

MAKE SURE YOU ARE PREPARED!

Make sure you have the following things in case of a Severe Tropical Storm or Hurricane.

- Listen to a NOAA Weather Radio for critical information from the National Weather Service (NWS).
- Bring in anything that can be picked up by the wind (bicycles, lawn furniture).
- Close your windows, doors, hurricane shutters and awnings if you have them.
- Turn your refrigerator and freezer to the coldest setting. Keep them closed as much as possible so that food will last longer if the power goes out.
- Unplug small appliances.
- Fill your car's gas tank.
- Create a hurricane evacuation plan with members of your household and make sure you contact family members and let them know of your plans.
- Plan routes to local shelters, register family members with special medical needs and make plans for your pets to be cared for.
- Obey evacuation orders.*** Avoid flooded roads and washed out bridges.

***** We will put up a list of shelters in the clubhouse, when available, but it is YOUR RESPONSIBILITY to check to see which are open.**

***** If we are evacuated, and you choose not to leave, do not expect any emergency services to be able to come in to your aid.**

Recommended Hurricane Supplies

- Water—at least a 3-day supply; one gallon per person per day
- Food—at least a 3-day supply of non-perishable, easy-to-prepare food
- Flashlight
- Battery-powered or hand-crank radio (NOAA Weather Radio, if possible)
- Extra batteries
- First aid kit
- Medications (7-day supply) and medical items (hearing aids with extra batteries, glasses, contact lenses, syringes, etc.)
- Multi-purpose tool

With all this in mind, please also keep safe! If you need to contact us please call the emergency number below.

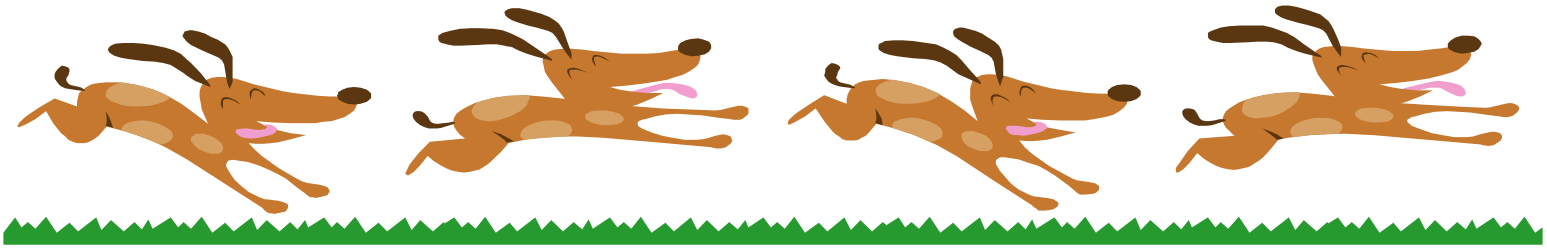
Marion County Sheriff Office #: (352) 402-6060
Ocala Red Cross #: (407) 644-9300
Marion County Emergency Management #: (352) 369-8100

Dial 9-1-1 for any life threatening emergencies!



Prepare Your Pet

Now that hurricane season is upon us, you should consider the special needs of your best friend. If an evacuation emergency arises, Marion County has only one pet-friendly shelter, Vanguard High School. You should be aware of a few of their rules:

- You must provide proof of rabies vaccinations AND county license for your pet.
- Exotic animals, aggressive dogs, or animals weighing more than 80 pounds are NOT accepted.
- Owners must stay at the Vanguard shelter, but will not be housed in the same building as their pets.

Since your pet will be exposed to many other animals, you should be sure that all other immunizations and flea control are up to date, too. Consider a microchip for your pet. If lost, your pet can be electronically scanned anywhere in the US, and reunited with you based on the information from the chip. Many vets are equipped to microchip your dog (the fees vary). Marion County Animal Control will do the process for only $15.

Other things to consider include:

- copies of important veterinarian records (medications, allergies, etc)
- a current picture of you with your pet (for identification and for others to search if you are separated from your pet)
- a spare non-retractable leash (can be used in many ways)
- a carrier or crate to house and protect the animal
- a favorite toy or two (to reduce stress)
- a supply of familiar food and water
- waste disposal (poop) bags
