President's Message

President's Note for October

Hurricane Hermine swept by in the night leaving us with a lot of rain but not much serious damage here in Saddle Oak. We can be thankful for that. After several days of related rain we have had a few beautiful days with milder temperatures and cool breezes.

The club house is bright and shiny again thanks to Joanne Mickett arranging for a giant bath. Trees have been trimmed. The grass is turning green.

We are gearing up for our winter activities. Shuffleboard, dominoes, "Move It, Move It", and Yoga have restarted or will be starting this month. There are many card games and other activities continuing on. Check out the "Save the Date" page for upcoming events. There will be a dance and a "game show style event" that promises to be fun.

As always, we encourage you to volunteer to sponsor an activity or assist those who are leading the activities that keep us busy and young at heart. The HOA will have several speakers at the monthly meetings with information that effects our health. We will need some new committee members as some have decided to step down for a deserved rest.

We have many new residents moving into Saddle Oak Club and invite you to come to the club house and join in our many activities. Meet your new neighbors and get involved. Saddle Oak Club is a great place to live and grow.

Yoga is for Every Body

While September was actually Yoga Awareness Month, information was not readily available for last month's issue. Many people may believe they cannot do Yoga because of what they have seen on TV, in magazines, or that they must do difficult pretzel postures. Not true. Yoga is for every single body, no matter their structure, flexibility or age. The SOC Yoga class offered by ChandraMa Hanoian, a resident here at Saddle Oak Club, is a Gentle and Restorative Yoga Class, which incorporates breath work, Asanas, meditation and other aspects of Yoga. It is a class filled with laughter as well as relaxation and peace. She is an experienced, certified instructor who has been practicing Yoga for over 16 years.

So, what do you have to do in order to enjoy a Yoga Class? First, ChandraMa will determine where your fitness level is at right now, and she will make sure you are comfortable. "I don't have a fitness level," you say. Then start with this Gentle and Restorative Yoga Class or a Chair Yoga Class. You will learn that even with no fitness level, and/or no experience with Yoga, you can participate in these classes and feel good. ChandraMa will teach you to work to your limitations and help you with modifying postures (Asanas) to fit you, your body type and your fitness level. She will show you how to practice Yoga at home, too.

A great Yoga Class begins with learning how to breathe properly, and moves into the Asanas (postures). Once a student has learned a few Asanas, ChandraMa will then teach Vinyasas, which are a series of postures one after the other. These Vinyasas will incorporate breathing and help the student to become more flexible and relaxed. The class ordinarily ends with Savasana (corpse pose) so that when the student leaves each class, you are relaxed, calm and peaceful within yourself; the perfect ending to a great class. Students can then begin, continue or end their day feeling fantastic and at peace.

Our Yoga group meets on Tuesdays at 9:00 a.m. in the Clubhouse beginning October 4th. Participants should bring a Yoga mat, or something to safely stand and/or sit on, water to drink and should dress comfortably. There are also plenty of chairs at the Clubhouse for those who wish to use those. Most of all, bring your sense of adventure and have fun!

SOC resident Ann-Marie Carlyle said of the class: "This class is absolutely perfect for folks our age. I love it. ChandraMa has a way of creating a wonderful comfort zone within the class. Yoga does not even feel like exercise, but it has certainly helped me with my specific breathing problem. I go home with renewed energy, a better spirit and feel like I spoiled myself, because it gives me an hour just for myself. I think everyone should try it!"
